

Caribbean Experience™

It is well known that the Caribbean has more to offer families, couples and singles...**more than any other destination in the world.**

It's not just the incredible sun shine; teal blue waters; sailing; scuba; fishing; gambling; or the majestic sunsets...the Caribbean also provides exposure to diverse cultures and island history that is unparalleled.

Colonized by European powers from the Fifteenth Century, the Caribbean islands have become mixtures of cultures from Europe, Africa, and India, as well as from the original inhabitants of the islands. Fusion culture at its best! The Caribbean Experience will make you want to come back again and again.

If you want "no hassle" then come to **SuperClubs** in Jamaica, the Bahamas, the Dominican Republic or Curacao. They invented the concept of the "Inclusive Resort" where everything you can eat, drink and do is included. But they have more... they have some of the finest food and beaches in all of the Caribbean.

Perhaps you might want to immerse yourself in some of the Caribbean's rich history, but with a Latin flavor.

Think about Puerto Rico, but if so, you really need to also think **El Conquistador Resort** and Golden Door Spa where tranquility is the ultimate luxury. Also, consider **Las Casitas Village and Spa** with private villas and 24 hour butler service. Want gambling, then the **El San Juan** is a must... considered the most exciting hotel in the Caribbean. Need some history, then visit the **Condado Plaza** and tour Old San Juan.

Not sure which Island you want to visit...then visit many without the hassle. Take a cruise to

the Caribbean on **Royal Caribbean** or **Princess Cruises** or **Norwegian Cruise Lines**. These are the

finest cruise lines serving the Caribbean and all offer some of the finest dining in the world. Stop in multiple islands and tour dozens of beaches without the check in and check out headache. Cruise vacations are perfect for families as they offer "something for every family member".

And if you do decide to visit multiple islands, then also visit **Little Switzerland**. These incredible shops offer some of the best shopping value in the World. They carry the latest trends in fine jewelry, watches and giftware.
