

FATHER'S DAY GIFT GUIDE

If there's one place in our society where women have the decided advantage over men, it's in the elevation of Mother's Day over Father's Day. The former is a holy day of obligation. The highways are jammed with families going home that Sunday. Come the beginning of May, even hardened criminals on death row are dutifully calling the florist.

But what about celebrating dear old Dad? Are you planning to give Pops yet another baseball hat?

This year, consider doing something more creative for the big guy. Forget about that necktie you were going to get him, and check out these original ideas.
